Now that the city lights are again in evidence so that there can be no technical question as to the application of the ordinance requiring bicycle riders to carry lights during the hours when the street lights are burning, it is proposed to enforce said ordinance. Last evening a round half dozen victims were secured: John Robbins, Murray Wade, Sam Rundlett, John Nash, H. A. Thomas and Bliss Darby. The gentlemen were all released on their promise to call upon the city recorder and settle. A fine of \$2.50 was imposed on each, and three had settled at noon.

Peary Arctic Clubs Return From Greenland.

By Associated Press to the Journal.

NEW YORK, Sept. 12.—Cornelius Vanderbilt died this morning at his home at Fifty-seventh street and Fifth avenue, of this city. Vanderbilt arrived from Newport with Mrs. Vanderbilt at 9 o'clock last night. He appeared in good health and spirits and retired soon afterwards.

About midnight he was seized with a serious stroke of paralysis, the second which he has suffered. The household was aroused and telegrams sent to Dr. James, Dr. Janeway and several other eminent physicians who arrived in a short time.

Everything possible was done for the patient, but he grew rapidly worse and died at 5:15 o'clock. He was semi-conscious until death. When he died, his wife and his daughter Gladys and son Reginald were with him.

Stock Market Stunned.

NEW YORK, Sept. 12.—The sudden death of Cornelius Vanderbilt, coming before trading hours, gave an opportunity for some preparation to support prices. As a consequence inroads made upon values were mostly restricted to fractions.

New York Central, after the opening went down only $\frac{1}{2}$ and quickly rallied $\frac{3}{4}$. A few of the specialties suffered severely. Attempts to raid the general list were frustrated, owing to the aggressive support evident in sensitive spots. Recoveries approximated one point in leading specialties and standard stocks improved largely on covering.

NEW YORK, Sept. 12.—A special to the World from London, says: Andrew Carnegie denies the statement that he intends to stand for election to parliament from Sutherlandshire.

He says he is an American citizen, did not intend to cast off his allegiance, and would only think of entering public life at Washington, where he might combat the attacks upon true Americanism in the Philippine policy of the administration.

NEW BUSINESS DEAL.

Fred Neckerman Retires From the Firm of Neckerman and Rogers.

It isn't every day that a deal takes place in Salem, which involves the handing over of \$10,000 in hard cash, but yesterday such a transaction was made. Jack Rogers bought the half interest of Fred Neckerman, his partner in the firm of Neckerman & Rogers, the price paid being \$10,750. The property of the firm consisted of lots 7 and 8 in block 8 and fractional lots 6 and 7 in block 34, in Salem, and 80 acres of land in section 15, township 8, south of range 1 east, also the three saloons in Salem, at 218 Commercial street, corner of State and High streets, and in the Opera House block on Court street, respectively.

The business will be carried on by Mr. Rogers, as heretofore. The success already achieved by this young man speaks well for his business ability and popularity as the present extensive trade of the firm has been built up from the old business of Paul Oberheim, established some quarter of a century ago.

Mr. Neckerman will probably take a trip for his health, but has no intention of leaving Salem permanently.

Jack Rogers came to Salem ten years ago, as he says, "in a box car, with only \$50 on earth, and that didn't last long." He has by close application and good fortune put himself in good circumstances and enjoys the goal will of the entire community.

COMMANDER SHAW

Believes in Pensions And Says Posteriority be D-d.

By Associated Press to the Journal.

NEW YORK, Sept. 12.—Albert D. Shaw, the new commander-in-chief of the G. A. R., said last night:

"A great deal of my time will be given to the pension legislation. An old soldier is entitled to lasting consideration. What if the pension roll is large, the union soldier saved this nation.

If the burden should prove too heavy, I am in favor of a patriotic pension bond issue, so that only interest would have to be met from year to year. Let posterity meet the bonds when they mature."
